

Autberf. November the 9<sup>th</sup>  
1923.

Miss Eunice Moss has been with  
my 3 little girls for the last 12 1/2 months  
as governess.

She is bright, cheerful, & remarkably  
patient, true, & honest.

Is a very good medical man, very nice  
disposition, ever so obliging, and active

by children because so very attached to  
her.

We all are so sorry to lose her but of course  
must understand that getting married she  
has to return to England to get gradually  
ready.
